

TGP Investments, LLC Announces the Hiring of Nate Kuhn

December 21, 2009

Kansas City, MO - TGP Investments, LLC ("TGP"), the manager of private equity investment fund, TGP Capital Partners, LLC (the "Fund"), is pleased to announce the hiring of Nathan J. Kuhn as Managing Director of Business Development. In his new role, Mr. Kuhn will oversee TGP's business development efforts with a particular emphasis on developing direct relationships with companies that could potentially benefit from the equity capital and other resources that TGP brings to its portfolio companies.

Eric Graham, TGP Managing Director stated, "We at TGP are very excited about Nate joining us, and we look forward to his contributions to our collective efforts. We think that in the current environment there are many companies that could take advantage of our decades of experience helping middle-market businesses grow – all with the objective of driving shareholder value. We want to reach those companies and management teams who, despite generally tight liquidity, are looking to expand their businesses either internally or through an acquisition strategy. That is why we are aggressively adding to our firm's business development efforts – supplementing John Williams and the rest of us at TGP with Nate to create a true 'business development engine'. Nate will be a critical member of our team".

Nate brings years of experience in the financial services sector to TGP, and has developed a track-record of success in business development in the Kansas City market. Most recently, he was Vice President with LaSalle Business Credit where he had responsibilities for originating and structuring asset-based senior debt facilities. Immediately prior, Nate sourced senior debt financings for Merrill Lynch, where he was recognized for being one of the top commercial loan producers in the Midwest Region (and nationally) within the Merrill system during 2004. After graduating from Texas Tech University with both B.S. and M.B.A degrees, Mr. Kuhn began his career as an Associate in the Corporate Finance Department of Oppenheimer & Co.

About TGP Capital Partners, LLC

Kansas City-based TGP Capital Partners, LLC is a \$56.5 million private equity investment fund formed to make investments in well-managed, profitable and growing middle-market companies. TGP considers itself to be a sponsor of top-quality managers and management teams with a goal of supporting and facilitating management's growth initiatives and, as a result, maximizing returns for all shareholders. The fund seeks to make both control and minority equity investments in partnership with proven management talent in manufacturing and business services companies with revenues generally between \$15 and \$100 million. <http://www.tgpinvestments.com>
